“John is a visionary in medical education. He was instrumental in Stony Brook becoming one of the first 6 institutions in the country to adopt an integrated vascular residency. This training paradigm is now the accepted practice nationwide.”

- Dr. A. Tassiopoulos, Vascular Surgeon, Stony Brook Medicine

“...Dr. Ricotta has participated in the education of hundreds of medical students, Surgical Residents and Vascular Fellows. In addition he has recruited and helped mentor dozens of Faculty members across multiple institutions. His involvement in the professional and personal development of physicians and surgeons remains the highlight of his academic career.”

- Dr. Mark Talamini, Chair Department of Surgery Stony Brook Medicine
